Congrats Tom!

Thanks for being a fantastic host for our visit! Let's talk soon about planning to visit for a GB meeting.
Have a good weekend

Hi John and all,

Thank you so much for these beautiful photos, and attached are three photos that you asked me to take for you at Malibu lagoon.

We also think the site visit went very well and would like to use this opportunity to thank you all for your encouragement, support, and good ideas and suggestions you shared with us during the visit. We especially appreciate your understanding and support to our approach in addressing the issue of public participation and scrutiny, and above all, the extraordinary effort you made to help make our case to EPA upper management and dispel the misinformation and unwarranted accusation.

I am also happy to let you know that yesterday our Governing Board voted unanimously and ratified the nomination of Tom Ford as Executive Director of the Santa Monica Bay Restoration Commission. I am confident, and I hope you agree with me after this site visit, that under his leadership our program is on a course to for greater achievements in the next five years.

Sincerely,

Guangyu

Hi –

Thanks to SMBRC for a great site visit! I thought the stormwater management project was especially interesting. I've attached a few photographs in this e-mail, will send more in additional e-mails. Please share with other people not on this mailing list who were also involved in the visit.

John
